### **To Whom It May Concern**

I am pleased to write this letter in recommendation of Mr. Mohammad Omar Nazmi Alshurbaji who is seeking University Training at your Company. I have known Mr. Alshurbaji during his Bachelor study period. Having taught him Thermodynamics during the summer semester of the academic year 2018/2019 and he got A- in addition to its lab during the spring semester of the academic year 2019/2020 and he got B+. I found him a person with a very good capacity who is motivated and serious. Mr. Alshurbaji has a good background in the fundamentals of mechanical engineering and I think he can treat scientific research and practical training successfully, managed projects and to the best of my knowledge he is capable to work in team. His communication skills in English is good both written and oral.

I am pleased to recommend Mr. Alshurbaji for training your company. Please do not hesitate to contact me if you need any further information.
